EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Roy L. Anderson on 11/01/04.

The application has been amended as follows:

In claim 33, line 13 "or" was changed to --and--.

Reasons for Allowance

2. Claims 33-42 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

Regarding claims 33, 39 and 40, the prior art Gupton after having all the limitations of the claims fails to teach adding the calling party identification as a potential telemarketing phone line into the telemarketing database if a preselected criterion for addition is met once when more than one subscriber identifies the potential telemarketing phone line as a potential telemarketing phone line.

Examiner's newly discovered reference, Tovander after having all the limitations of the claims also fails to teach adding the calling party identification as a potential telemarketing phone line into the telemarketing database if a preselected criterion for addition is met once when more than one subscriber identifies the potential telemarketing phone line as a potential telemarketing phone line.

Art Unit: 2645

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
